

Lesson 7 - Stapling fabric to your footstool frame

Tools and materials needed; fabric, furniture frame, staple gun, staples, black marker, ruler, staple remover and tack un lifter.

Measure the centre points on the wooden frame using black marker and ruler.

Lay the fabric out on the work area, the underside of the fabric needs to be facing up. Align your frame to the notches on the fabric.

Continue to watch Lesson 7 video for detailed instructions.
